## **Fun and Imagination Take Flight with Shanghai Disney Resort's New Kids' Corner at Hongqiao International Airport**

*The first Disney Kids' Corner in an airport in China brings the charm, imagination and fun of Disney to children traveling in Shanghai*

**SHANGHAI, April 23, 2021** – Shanghai Disney Resort is teaming up with Shanghai Hongqiao International Airport to offer children and families an incredible new Kids' Corner designed to open hearts and imaginations—and help kids enjoy some fun before, between or after their trips. Today, the two parties jointly unveiled the colorful new “Mickey Mouse Station” at the airport, presenting this magical space for the first time to the tens of thousands of daily passengers. Located at the south wing of the departure floor of Terminal 2, the new corner reflects the iconic Mickey Mouse figure and features three distinct areas to engage children of all ages and interests.

*Leaders from Shanghai Disney Resort and Shanghai Hongqiao International Airport jointly unveiled the new Mickey Mouse Station, joined by Mickey Mouse and Minnie Mouse*

Mickey Mouse Station was designed with children's best interests in mind by expert Walt Disney Imagineers, providing a safe, fun environment for all. Together, the three main areas

compose Mickey Mouse's distinctive round face and ears, with a Viewing/Resting Area situated in front of a large television screen, plus an Interactive Photo and Game Area as well as a Reading Area as the two "ears".

*Mickey Mouse peeks over the TV screen in the Viewing and Resting Area, welcoming travelers to relax and enjoy some magical Disney entertainment between flights*

*The Etch-A-Sketch-inspired TV, decorated like the toy itself, plays previews of upcoming releases and other family-friendly content*

*Children and families can snap photos with images of their favorite characters in the Interactive Photo and Game Area, making precious memories during their trip*

*Families can also cast their eyes to the border walls where they will spot countless Mickey and Minnie Mouse elements, or try their hand at the amusing tumbler game in the Interactive Photo and Game Area*
