A new Disney stay inspired by wishing stars and the spirit of Shanghai

Named after the fabled Wishing Star, an enduring symbol of Disney dreams, wishes and possibilities, Shanghai Disney Enchanted Star Hotel brings its guiding theme to life throughout the exterior, interiors and guest experience. Guests will discover imaginative details and immersive storytelling at every turn.

Inspired by the architectural charm of early 20th-century Shanghai, the nine-story hotel embraces an elegant Art Nouveau style. Guided by the principle of “Authentically Disney, Distinctly Chinese,” it blends Disney storytelling with local influences across its design, operations, food and beverage, merchandise and entertainment, creating a destination where heritage and innovation come together.

Guest rooms in the new hotel are designed to be both elegant and immersive, blending Disney storytelling with refined comfort. Inspired by wishes and wishing stars, each room features thoughtfully curated artwork, subtle Disney touches, and warm, inviting details. Together, these elements create a relaxing retreat where guests can continue their Disney journey long after a day in the park.
